Italian CNGeGL's Candidate As Chair of Commission 3

Enrico Rispoli

Consiglio Nazionale
Geometri e Geometri Laureati

I was born
in a city
dating back
to the
Greeks

It is beautiful and very close to the sea and high mountains

		
When I put the first tooth I		
already wore glasses		

<p>I always thought that as an adult I would have defended the environment</p>		
		

		
		
<p>The first work was the project for the realization of a sports</p>		

I have also been involved in land management and integrated data management of the territory

I have become

member of CNGeGL of which I am the

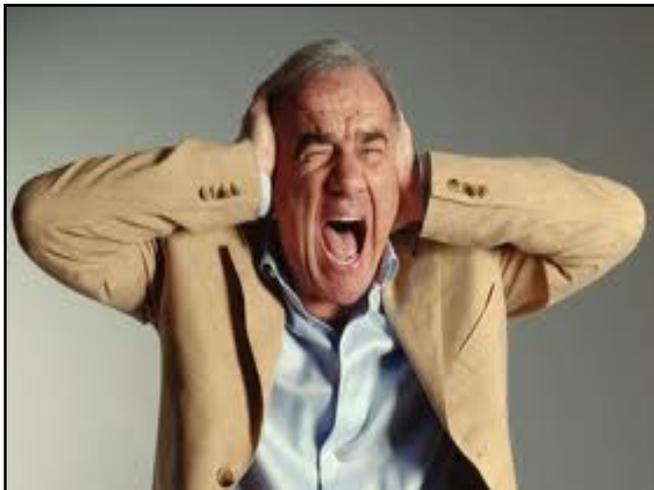

Secretary General

The good one	The bad one
	
I have met so many people	

	And I participate in the FIG
	

<p>Now I am in the midst of</p>		
<p>this great adventure of the working week Rome 2012</p>		<p>FIG WORKING WEEK 2012 May 6-10 2012 Rome, Italy</p> 
		

	
<p>I have the problem of not speaking English well</p>	

But I am studying		
	I will work to continue the important work the commission is doing	
And I will appreciate the support of each to do better
