## **FIG e-Newsletter August 2010**

Dear Colleague,

Welcome to the FIG e-Newsletter, which brings you latest information about FIG and its activities. The information referred here is in full length available on the FIG web site. Thus the e-Newsletter is produced to inform you what has happened recently and what interesting things are going to take place in the near future. The FIG e-Newsletter is circulated monthly by e-mail. The referred articles are in English and written in a way that you are able to extract them to your national newsletters or circulate to your members and networks.

### **Article of the Month – August 2010**

On the FIG web site we publish each month a paper called the Article of the Month. This is a high-level paper focusing on interesting topics to all surveyors. It can be picked up from an FIG conference or another event. The Article of the Month in August 2010 is "**Terrestrial Laser Scanning for Mainstream Land Surveying**". It is written by **Mike Pinkerton**, New Zealand and has been prepared and presented at the FIG Congress 2010 in Sydney, Australia, 11-16 April 2010. This paper provides a good introduction for those who are thinking about the question whether to invest in laser scanning.

## Reports from last month

### FIG Council adopts the Sydney Declaration and new members at its meeting in July

FIG Council discussing the issues related to the FIG Congress in Sydney.

The FIG Council had a Council meeting by email in July to follow up the outcome of the FIG Congress in Sydney. At this meeting the final version of the Sydney Declaration was endorsed. The Council also approved new members: the Ethiopian Surveying Professionals Association (ESPA) as a member association (to be endorsed by the General Assembly); China Land Surveying and Planning Institute as affiliate member; two new corporate members: FARO and Hi-Target Survey Instruments Company Ltd from China both at silver level; and Zonguldak Karaelmas University as a new academic member. In addition arrangements for the handover meeting 25-26 November 2010 were approved.
