

# The Role of the Engineering Consultant for Surveying in Foreign Projects

Michaela Ragoßnig-Angst, MSc. (OU)

# Challenges of Foreign Projects

- Language
- Culture
- Corruption?
- Quality
- Knowledge (education + experience).

# Partners in CEE Markets

# The Way Ahead

- Partnerships & knowledge transfer
  - ❖ Cooperations with universities / colleges
  - ❖ Student placements
  - ❖ Student projects
  - ❖ Less reliance on in-company training.

## Benefits

- Better job prospects for students
- More interest in training / studying to become a surveyor
- More and better qualified technicians available
- Higher quality projects delivered on time.
