

# Implementing the Strategy for the High Level Group of Integrated Geospatial Information Framework

Mikael Lilje (Sweden)

**Key words:** Access to land; Capacity building; e-Governance; Implementation of plans; Land distribution; Land management; Legislation; Professional practice; Standards; UN-GGIM; IGIF; Communication; Capacity Development; Funding

## SUMMARY

The Expert Group on Global Geospatial Information Management (UN-GGIM) endorsed in 2021 the strategy for the Integration Geospatial Information Management. Lately, the strategy has been materialized in a work plan focussing on three key areas - Communication, Capacity Development and Sustainable Funding. This presentation will present these focus areas and on-going activities
