SURVEYING

CAREERS

***Career education,
industry partnership, and
digital outreach to
engage students,
educators, and career
advisors***

Surveying Careers Taskforce was established in 2013 in response to the significant shortfall of registered surveyors compared with the demand across the state.

Surveyor Skill Shortage

The total national shortage is projected to exceed **1,400+** surveyors and this gap rises to more than **2,000 by 2029**.

Annually, we need:

- **517 vocational students.**
- **940 university students.**

This could represent a 170% increase on the forecasted levels.
